

Feckenham Parish Survey

To All Feckenham Parish Residents / Businesses,

You may already be aware that, over the past 12 months, we have been working towards the creation of a Parish Plan for Feckenham. This is an exciting opportunity for everyone living or working in the Parish of Feckenham to take part in shaping its future.

We hope you will spend a few minutes reading this letter and then complete the enclosed Survey which seeks to gather the opinions of all.

We have the full support of the Parish Council in the production of what we hope to be a reflection of those aspects of the Parish which are of most concern to those living and working within it. Whilst nothing is guaranteed as we have to consider priorities and available funding, a Parish Plan will raise the profile of these key issues and enable the views of our community to be better represented at Borough and County Councils. This, in turn, should provide greater opportunity for achieving improvements, to the advantage of everyone.

Every individual in your household aged 16 years and upwards has the opportunity to express his or her opinions in the main Survey. For family members aged 15 years or under there is a special section of questions towards the back of the document.

Please ensure that each person uses the same column letter throughout for their answers.

The Survey is anonymous, so your names are not required. However, if you wish to offer your services or support where indicated, there is a sheet enclosed to gather some brief details.

The closing date for completion of your Survey is 10 / 11 December.

Members of the Feckenham Parish Plan Steering Committee, and other helpers, will be collecting your completed questionnaires during that weekend, at which time you will have an opportunity to raise any queries or comments if you so wish.

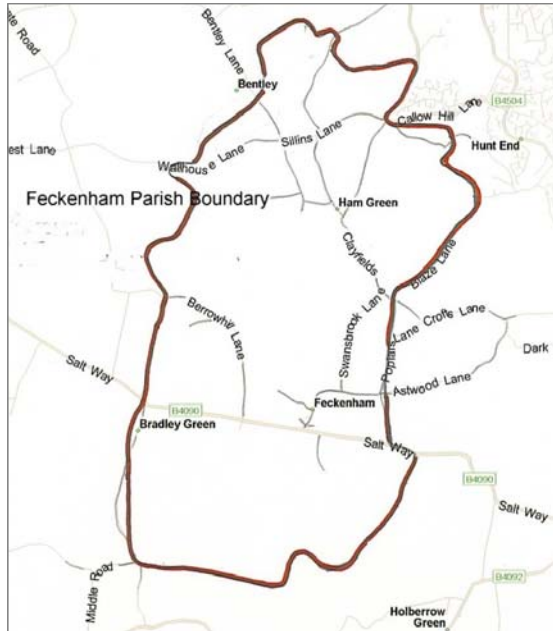

The responses will be analysed by a professional research company and we hope to feedback results early in the New Year.

Thanking you in anticipation

Andrew Henson

Chair – Feckenham Parish Plan Steering Committee
